Subject: Question re: ERP amendments

Since I still don't have access to the shared folders - here's my (hopefully only) goofy questions of the day....

Do you have a copy of the cover letter for sending out amendments AND can you pull up the last amendment for Univ of CA, Davis (Dr. O'Donnell) and tell me what the article # that allows us to amend it is? (first paragraph, 4th line.)

Last Q: When doing amendments - which ones (if any) do you send through for legal to review? (I know that ERP's are exempt from that - but I was curious about the others.)

THANK YOU!!!
